Dear Robert

Rita and I would like to thank you for the valuable Wills and Power of Attorney advice given, the careful and thorough preparation of legal documents we have requested, and the many courtesies extended. You have been personally accessible to us whenever we've needed advice and guidance, through telephone calls, numerous emails and appointments any time anywhere. Many of those calls and consultations have been without fee. Both Rita and I know that consultation with you will be an early order of business whenever circumstances of our lives change.

I personally have never felt pressured to retain you for our legal matters, and I do not do business with people who do resort to pressure. It has always been a pleasure to meet with you, even when our problem may have been stressful. You have proven to be exceptionally knowledgeable, accommodating and reliable in every way. Also, your forthright legal advice is easily understood and well worth your fee. Robert, I commend you for the outstanding services and friendship you provided to Rita and me during the most difficult and challenging time of our lives. Please accept this letter of thanks.

Yours Sincerely

Rita and Raj Patel
