Dear Robert,

We are writing to tell you how much we appreciate your help with the recent purchase of our first investment unit.

Without your assistance we would not have been comfortable entering into the contract that was presented to us by the vendor. Your ability to be thorough and professional addressed all of our concerns and led us to the final outcome that enabled us to happily proceed.

The personal service that you provided to us was unexpected but very welcome. Including being readily available to speak to at all times, and responding to any of our correspondence almost immediately, and coming to our home at times that were very convenient to us.

Thank you for all of your hard work and for going out of your way to make our purchase beneficial to us.

We hope to have you act on our behalf for all legal matters for a long time to come.

Yours sincerely,

Vanessa & Scott
